WHAT IS LIFESIZE CLOUD?

Lifesize connects your organization with award-winning conferencing technology that covers web, audio and video conferencing. Through a unique integration of plug-and-play HD camera systems and HD phones and easy-to-use cloud-based conferencing software, we deliver a meeting experience like no other.

- Search-based directory for instant calling. No dial strings or passwords required.
- Schedule calls with Google Calendar™ and Microsoft® Outlook® integrations.
- Record and share your video calls with Lifesize Cloud Amplify.
- 24x7 support. We're available when you need us.
- Secure encryption for your top-secret meetings.
- Always up to date with automatic updates.

Lifesize® Icon™

AN ICON FOR EVERY MEETING SPACE

Once you start using the Lifesize Icon video conferencing system in your meeting room, nothing else will compare. The camera pans, tilts and zooms to capture everyone in the room in beautiful HD.

Lifesize® Phone HD

THE HUB OF THE CONFERENCE ROOM

The Lifesize Phone HD is command central for video, audio and web conferencing with Lifesize Cloud. Everything you need to run your meetings is right at your fingertips with the touchscreen phone display.
